Ted Laskaris – Updates – Who will have access to the Content Management System? Recommendation – only allow people on Michael Tullier's team and Neil Terado's team to have access to make any changes – accountability, ADA updates, brand, consistency across the website. Ted's team responsible for the content and Michael's team is responsible for the design. Dr. Bordelon recommends - we need to make sure we have a clear process to update the website and be able to do this in a timely manner. May pull in others across the campus who can be part of this team for rapid response. Dr. Bordelon and Ted will meet to discuss Zoom licenses and look into other forms of software.

Jeff Davis:

Big top tent for external dining will be replaced with two outdoor dining areas close to DAV Center.

Dining Survey – received summary information and will share with ELT next week. Chip will make sure we have signage on tables in Cody's Corner in Rec Center for dining services.

Craig Burgess:

Student Demonstration Update –

Craig Burgess:

Student Demonstration Update – meeting with Brook Bowen and Josiah Height USG,, Michael, Ed and Craig – messaging aspects of the planned demonstration. Also discussed the public safety aspects of the planned demonstration. Waiting to hear back from Brook Bowen

Ed Helton:

Mayor’s call yesterday – recognized CSU students for complying with the wearing of masks. Cases seem to be trending downward, number of patients in the hospital are also down.

Return to Campus Update – Chip Reese – COVID-19 response and updates - Currently we have ten active cases. Call yesterday with Vice Chancellor John Fuchko and Directors of Health Centers on campuses in the USG System, a recommendation may come down from the CDC – recommend colleges and universities keep COVID-19 students on campus rather than sending them home. USG will stay with sending students home until CDC makes another recommendation. CSU currently have seven students in quarantine on campus. May need to increase the number of isolation rooms on campus. President Markwood – Chancellor’s call yesterday – USG not tracking cases being transmitted on campus – students are getting COVID-19 from off campus activities.

Vice Chancellor John Fuchko – CSU be a vaccination site as vaccines become available? If we are interested, we need to contact our Department of Public Health and let Vice Chancellor Fuchko know of our decision. President Markwood would like to pilot the practice we would put in place once the vaccine is available. Possibility we could reach out to Anthem to see if they would be able to underwrite the cost of the vaccines for our employees.

Todd Reeser:

Updates – Conversations with Head Coaches last week – Out of State Waivers – any feedback with that request? Dr. Bordelon and Todd will meet to discuss further. Border State Waivers – still waiting to hear back from Board of Regents.

President Markwood:

Continuing to move forward, finalizing academic master plan and master plan for facilities. Need to coordinate this information with new campaign – hope to roll out soon what the priorities are for the campaign.

There being no other business to discuss, meeting was adjourned at 10:35 a.m.

Respectfully submitted by,

Nancy Marino
